Frequently Asked Questions

Is this a legal invoice?

This document is not an official tax invoice. It has been prepared for informational purposes only. To access your official invoices for tax and reporting purposes, please refer to the invoice PDFs on the Ads Console.

Can I make a single payment for all my invoices?

No, you will continue to make separate payments in the invoice issuance currency against individual invoices.

Why are some countries missing from the Summary section of the statement?

You will see the country summary only if there are campaigns running solely in that country. If only multi-country campaigns are running in a country, those charges will be covered in the Multi-Country Campaigns Details section of the statement.

Why do I not see my portfolio names?

Global statement will not reflect your portfolio level breakdown of campaign charges. You can refer to the individual invoices for that detail.

How can I check the payment status of my invoices?

Please visit the Billing Console page to view the latest payment status of your invoices. For further questions, please refer to the help content for Ads Billing.

How are currency exchange rates determined and applied in this statement?

Exchange rates reflected in this statement represent the rates in effect at the time of statement generation and are provided for informational purposes only. These rates should not be considered definitive for accounting or financial reporting purposes.
